

Motorhome Depot brokerage service

Brokerage service - in a nutshell I offer sellers an all-encompassing service where I:

- Provide a **no-obligation appraisal** and valuation of your vehicle. We will agree a marketing strategy and return to yourself.
- There are no up-front fees and we operate on a **No-Sale No-Fee** basis
- Prepare a comprehensive photographic record to assist in the marketing of the vehicle.
- Advertise on our own website and the other major search engines to achieve the widest possible exposure for your advert.
- Manage all enquiries (emails, phone calls etc), with an objective of 'refining' the enquiry to weed out time wasters and in most cases only one person actually views the vehicle, and that is the eventual buyer.
- Ensure a buyer has funds in place or we can help them with Finance or part exchange where necessary.
- Accompany viewings; apart from providing access to the motorhome you don't need to be involved - I have no interest in allowing a stream of potential buyers because that is my time being taken up as well as yours.
- Through a time-tested process I manage the financial transaction at eventual sale of the vehicle. This ensures both parties are kept safe when it comes to handing over what can be substantial sums of money.
- Attend the handover and manage the process on your behalf; again, you don't have to be actively involved in the process, indeed I often sell vehicles on behalf of people who are out of the country.

In carrying out the above I provide a valuable service:

- I keep you safe throughout the whole process.
- I will achieve a better return for you than if you traded the vehicle with a dealer.
- I take the hassle out of selling your vehicle, whether that be through saving you time, building professional advertising or ensuring you don't have to deal with the problems that advertising a vehicle brings.

If you are interested in selling your motorhome **let Gary know in the first instance** and he will put us in touch.

Many thanks,

Peter Cornelius - Motorhome Depot.com

N.B. I can also advise on the sale of caravans with a retail value in excess of £15000
